OFF LICENSE HOURS REDUCED

Thanks for the overwhelming response!

Over 200 petitions have poured back in with our campaign to stop One O' Clock in the morning off-license hours in Tuebrook at The Four Seasons, the former Victoria Lodge.

As we go to print the agent of the shop owner is to go for a public hearing on 21st April. Cllrs Kevin Morrison and Steve Radford have met the owners with a view to agreeing reduced hours prior to the formal hearing.

"Thanks everyone, without a strong Liberal Party team the community would not have been involved." said Billy Lake.

ANDERSON CHALLENGED OVER CARLTON CLAIMS

At the City Council Budget meeting Cllr Steve Radford asked Mayor Anderson what was in his budget to make good the claims made in 2014, 2015 and again in 2016 that the Carlton was "imminently to be demolished"

He replied that he would send a letter 72 hours later - the fact is Labour deliberately misled residents when in 2014 and 2015 there was not even a demolition plan submitted. The current plan then had many serious flaws in it. The owners refused to meet us.

Clearly Labour will claim credit for things they haven't done and things not going to happen - **they will tell you anything but don't expect the truth - see this labour photo.**

A NEW PETER LLOYD?

The City Council is seeking funding for a new Peter Lloyd Centre from Sports England. During the budget discussions we met Mayor Anderson and encouraged he look at using the former school site at Quarry Road or land along Carnegie Road / Lister Drive which is grossly under-utilized - Cllr Steve Radford said we would totally oppose his suggestion of building on Newsham Park.

Where do you think a new Peter Lloyd should be built?

SPRING CLEAN FOR TUEBROOK, STONEYCROFT AND ANFIELD

This spring over 80 community skips will be rolled out over two-thirds of the ward as part of our Spring Clean. Its a shame; if we had 3 Liberal Party cllrs working together we would have had the funds to cover the whole ward in the Spring.

“Tuebrook and Stoneycroft has the biggest community skip programme of any ward thanks to Steve and Kevin - it reduces dumping, reduces the fire risk and helps people keep the area clean” Billy Lake.

SMALL ALLEYWAY CLEAN-UP

As part of a city-wide programme there will be a major push to clean and repair small alleyways right across the district. However we regret the Council will remove all wheelie bins left in the entries - please return them to your yards, otherwise they will be taken away, We have tried to get bins returned to neighbours on Morecambe Street but our Labour cllr has supported officers removing them and charging for their return. Sadly its making the rat problem worse.

ROAD RESURFACING - MONASTERY ROAD

All across the ward we are pressing Highways to repair potholes. Here we have had a lot of resurfacing done in **Monastery Road**.

If you have a pothole or rut that needs attending to, call into any of our weekly advise centres or email us.

IN THE COMMUNITY - FUNDS FOR YOUTH WORKERS

As Council funds are cut back our Community Charity the Tuebrook Hope Group is taking steps to improve community facilities and activities.

We have won a £9,800 bid for monies to fund youth drama and music classes on Monday evenings at the Tuebrook Hope Centre, Buckingham Road and in September we will have two dedicated youth workers walking the area making contact with young people and trying to encourage them into positive activities.

We have now a womens circle Friday afternoons - If you want to hire the Tuebrook Hope Centre, i.e. for a children's party or join in any of our activities: Telephone - 0151 220 0658
