## TIMPERLEY WEDGE

## TAYLOR: REMEMBER

**WARNING - YOUR GREEN BELT IS UNDER SERIOUS THREAT! AIR POLLUTION WILL RISE.**

We are aware that few of you will not know about the proposal to build a whopping 2,400 homes of which, 70% will **NOT** be affordable on the Timperley Wedge.

The green area between us and the airport is now under serious threat. This green belt is vital and should be protected it's our lungs from the air pollution and the final remaining slither of green land left. Please visit [liberaltrafford.org.uk](http://liberaltrafford.org.uk) and see our Vlog and get more details.

Your local **Conservatives** had this green belt earmarked for development before they lost control of the council, so take anything they say with a pinch of salt.

Andy Burnham, Mayor for greater Manchester, promised to save the green belt. This promise has been broken.

And your local **Lib Dems said** as they went into a local coalition with the Labour group that they would save the Timperley Wedge. This, alas, has not happened.

The controlling **Labour Group** are pushing forward with this.

**Can you spare a few minutes? Can you help and deliver a few leaflets for Neil where you are? Have you ever wanted to stand in the local elections? Please do contact us, we would really like to hear from you.**

Why not become a member of the Liberal Party, make a break from the mainstream parties doing the same old, same old

In May 2018 your local **Conservatives** lost control of the council.

You will see that they are now in denial for the awful way that in recent years they had treated residents like you and me.

Do not be conned by the Conservatives and the spin they are putting out.

Your local Lib Dems are now in bed with the Labour Group, trying to do deals.

Only one **LIBERAL** voice here in Timperley;

**NEIL TAYLOR**

I am absolutely bewildered and worried about the amount of crime I am hearing about in the Timperley area. From burglaries to assaults, young people being mugged and gangs of what is best described of feral youths running the streets and intimidating people like you and me.

I had a chance to do a ride out with our local cops during the summer for a full shift, and what I saw left me in shock. Our local police are doing the best that they can, but the number of officers has been reduced to what I would now call a dangerous level. This really must be looked at so that you and I are protected from not just petty crime, but also serious crime. Police budgets have been cut to what is now an alarming level, with some areas in greater Manchester becoming no-go areas. This issue really needs to be taken seriously, and I pledge to take this as a number one priority.

Can you help and deliver some leaflets where you live? Any help would be appreciated.

It's 2019 and it's not the age of Dickens... Seeing local homeless people really gets to me - as does knowing that many are living in fuel and food poverty, even here in Timperley.

Neil has been making a real difference and has been helping a local homeless person. Once living in a tent with no heat or water, he now has his own caravan with heat, water and light.

The people of Timperley are just magic, and the way that they came together to help homeless Anthony has been incredible. Do watch our Vlog at [liberaltrafford.org.uk](http://liberaltrafford.org.uk)

# My Pledge to YOU

Back in 2014 when I lost my seat here in Timperley many people could not believe what happened. As your former Councillor from 2006-2014, I fought many campaigns on behalf of local residents, with some popular issues, some less popular, but I never shied away and always did my best to represent you. You now have a chance to vote for someone who has lived locally all of his life; someone who cares about things that matter to you. I pledge to serve you well, just as I have always done.
