

Iranian Academics Association in support of their "Statement on Iran."

The Liberal Party urge's its members to support the efforts of the Iranian Academics Association in support of their "Statement on Iran."

Below are the communications our party leader Cllr Steve Radford has recent had with David Afrash of this organisation:

The Liberal Party NEC

Dear Steve

Thank you for your kind email and for expressing your support for our efforts in advocating the Iranian people's desire for a democratic republic. We greatly appreciate your willingness to add your name to the list of signatories in support of the "Statement on Iran." Your support is very important, especially at this historic moment when the Iranian people are continuing their nationwide uprising for their basic human rights.

However, we need as many signatories as possible to increase the impact of our message. Therefore, we kindly ask that you share the "Statement on Iran" with your local MPs and urge them to join us in this vital cause.

Thank you again for your support.

Sincerely Yours,

David Afrash

Sample letters to your MP.

Dear ...MP,

I was recently asked in my capacity as a councillor to sign a public statement supporting the Iranian people in their struggle for a secular and democratic republic. I was happy to sign, and please to see so many other local representatives including councillors and MPs from across the both the country and the political divide have also lent their support.

The support of elected members of local representatives across the UK is critical as it reflects the concerns of the British people and provides powerful support, especially at this historic moment when the Iranian people are continuing their nationwide uprising for their basic human rights. While we are grateful for the support we have received so far, we need as many signatories as possible to increase the impact of the message. I'm writing to ask you to show your commitment to democracy and add your name to the list of local representatives publicly supporting the statement below. This can be done by emailing David Afrash, davidafrash.academicssociety@gmail.com who I have copied into this email.

Sincerely,

Cllr..... Ward
